Terpolilli NA, **Engel DC**, van den Maagdenberg AM, Ferrari M, Plesnila N. Edema after traumatic brain injury in CACNA1A PQ calcium channel S218L mutation from FHM patients. *In preparation*. 
Thesis
Secondary Damage After Traumatic Brain Injury: Epidemiology, Pathophysiology, Therapy
Engel DC

Book Chapters
“Prognosis after Traumatic Brain Injury”, in:
Maas AIR, Engel DC, Lingsma H
Printed March 2011

“CNS complications”, in:
Neuroanesthesia and Critical Care Handbook, Bambrink and Kirsch (editors).
Engel DC, Maas AIR
Expected October 2011

“Multimodal Monitoring in TBI Patients”, in:
Traumatic Brain Injury: Pathophysiology, Management and Outcomes (Novapublishers)
Engel DC, Unterberg AW, Jung CS
Expected July 2012

Oral Presentations
“Combined effects of mechanical and ischemic injury to cortical cells: secondary ischemia increases damage and decreases effects of neuroprotective agents”
• Institute for Surgical Research, LMU, Munich, May 2005
• School of Pharmacy, Hadassah University, Jerusalem, Israel, July 2005

“Secondary brain damage after traumatic brain injury: epidemiology, pathophysiology and therapy”
• Erasmus University Rotterdam, Netherlands, April 2008

“Do gender and race have an effect on outcome after TBI?”
• National Institutes of Health (NIH) / Department of Defense (DoD), Washington, USA, October 2008

“Pre-hospital and in-hospital parameters and outcomes in patients with traumatic brain injury: a comparison between German and Australian trauma registries”
Jahrestagung Deutsche Gesellschaft für Chirurgie, Munich, Germany, 2011
